Components of the Data Team Cycle, 'the work'

Our
Work:
making
sense
of it all

Data Team Cycle

Goals for the day

1. Select your data team
2. Hold first 2 meetings in data cycle

Things to think about for meeting 2

What does the summative assessment look like?

What does proficient look like?

How can you design a pre-assessment that will make your analysis easier ?

- multiple choice

- free response

Things to think about for meeting 3

Timetable for implementing

When will you meet?

Group your student papers by category

Consider what strengths and weakness are common to each group

Create a common file for analyzing data

	# who took assessment	# & names Of Prof.	% Proficient	# and names of Close	% Close to Proficient
Teacher 1 Or Class 1					
Teacher 2 Or Class 2					
Teacher 3 Or Class 3
